

Polk County Schools Parent and Family Engagement Plan (PFEP) – 2017-2018

Polk County has 107 Title I schools, with approximately 60,000 students being served through the Title I program. Our school district is a very large and wide spread geographical area. Because of our geographic size and diverse demographics we are faced with the challenge of providing opportunities for many of our families because of location and barriers of transportation. A large percentage of our students and families are also being served through the Migrant and ELL program and language is a barrier.

In addition to the District's parent/school climate survey, parent involvement participation is also measured through attendance and evaluations conducted at District events, visitors to the parent centers, and the Books Bridge Bus.

For any and all activities that build capacity, the LEA and schools outline in their Parent and Family Engagement Plan each activity, and how and what documentation will be kept; parent attendance, parent notifications/invitations, flyers and agendas, and opportunities to provide input through surveys and evaluations. This documentation provides both the LEA and schools feedback from parents to better help plan activities that will meet their needs, as well as, help identify and address barriers for poor attendance or participation.

The LEA has each school complete an "Annual Evaluation of the Activities to Build Capacity for Staff and for Parents". This evaluation provides information from each school on their activities and evaluates the impact it has on student achievement, and documentation of dates/times of each event, attendance, barriers (transportation meals/refreshments, childcare, translation) and parent comments/suggestions from each event. The evaluation also provides a breakdown of how their PI allocation correlates with these events.

Overall, the parent surveys and evaluations of activities reveal a need for better communication between home and school, additional support to families not centrally located, and additional and expanded efforts to involve parents in the education of their children. Based on these results and the monitoring of the school-based parent involvement plans, a wide array of programs and activities are planned to address the most effective way to nurture relationships with ALL families and provide information, tools, resources and materials to all parents so they can support their child(ren) at home to help in meeting their academic needs.

Mission Statement

The mission of the Bureau of Federal Educational Programs is to provide leadership to promote parent and family engagement as a high priority to districts, schools, families, communities, and children to increase academic achievement for all students.

Engagement of Parents

- Each school uses their Parent and Family Engagement allocation to support parental involvement activities as outlined in their Parent and Family Engagement Plan. The LEA preapproves and monitors how school Parent and Family Engagement funds are used in correlation to their school plan. The school Parent and Family Engagement funds may be used for some of the following; staff, costs associated with academic parent workshops; postage, presenters or registration for staff professional development related to working more effectively with parents; and materials needed for a parent resource center on their schools side.

- The LEA allows the position of a Parent Involvement Paraprofessional to help implement the school-based activities outlined in the school Parent and Family Engagement Plans. The LEA requires school's to implement a minimum of two activities/workshops for building capacity with the parents and be outlined in the Parent and Family Engagement Plan and related to the goals in their SIP. Activities should be geared towards a core academic subject, transition/graduation and college and career readiness and meet the goal of improving student achievement. These two activities must be in addition to the Title I Annual Parent Meeting. Expenses for some of these activities may

include materials, postage, consultants, child care, transportation, translation costs, and stipends for teachers, and refreshments.

- School funds may pay staff and/or parents to attend a workshop or training on bridging the home-school connection and/or ways to improve parents and schools working together. This may include any reasonable fees, registration, materials, and/or stipends that are allowable for involved staff. To help schools address barriers it is allowable for schools to pay responsible expenses for translators, childcare and transportation for parent events. If a school would like to have a parent resource room on their campus; funds to support materials, resources and equipment needed for the resource room.

Technical Assistance

- The LEA's goal is to educate, equip, and partner with our students and their support systems by offering a variety of relevant and effective programs, activities, and resources that will help make a positive impact on the individual and the community. By building strong parent/family-learning communities we will increase student achievement in our schools. The LEA generates a goal through disaggregating data and feedback from District events, surveys, and data and parent input provided from the schools.

As outlined in our Parent and Family Engagement Plan, during the 2017-2018 school year, the LEA will expand efforts to increase parent and family engagement by; increasing literacy throughout our District with the Books Bridge Buses allowing us to serve students and their families at schools and in neighborhoods and provide free books and resources that promote literacy in the home. This will be documented through a schedule for the Books Bridge Bus program and sign in and attendance sheets for parents and students who visit the bus.

The LEA will provide technical assistance for completing the PFEP. Written guidance was distributed to all Title I schools in the spring of 2017 on the steps for completing the PFEP. In September of 2017 the LEA will offer flexible meeting times to schools, which will offer more in-depth technical assistance to complete the PFEP. During these meetings schools will have the opportunity to have their PFEP reviewed by their peers and district Title I staff. After schools submit the PFEP to the district, Title I Coordinators will review using a district created checklist to determine all criteria has been met. The coordinators will provide feedback and schools will revise and submit the final draft of the PFEP.

- The LEA monitors documentation of all Parent and Family Engagement related activities to ensure fidelity in several ways; school support; an online documentation system; staff development and meetings; and onsite visits.

An online documentation system, eTASK, is used to collect and monitor compliance. The LEA Title I School Coordinators have access to review all documentation at any time for monitoring purposes. Title I School Program Coordinators provide assistance to schools and monitor fidelity through constant communication, onsite school visits, and by attending the activities that are hosted at the schools.

Another way the District monitors the implementation and fidelity of the school plans and Parent and Family Engagement activities is through data collection using an Audit Timeline completed in November. This timeline documents the completion of the Compact, and the PFEP (Parent and Family Engagement Plan) how parent input was obtained, and the dissemination of the Compact, Information on Parent's Right, and Curriculum and State Assessments to parents. In addition, the dates, times, and attendance for the Annual Title I Parent Meeting, and notification to parents of the availability of the PFEP, SIP, and SPAR report.

- In May, the LEA collects from each school, the Annual Evaluation of School based capacity building activities with staff and for parents. The LEA requires schools to host a minimum of two activities/workshops with parents. These academic activities/workshops that are outlined in the school plan and inform parents about transition/graduation, college and or career readiness, and information on required state assessments and the curriculum. The two

required activities are in addition to the Title I Annual Parent meeting. The evaluation documents the type of activity, how the school addressed barriers such as childcare, transportation, translation, etc., how the parents are notified, and the number in attendance, and feedback from evaluations of each activity. The LEA requires monitors school documentation through; parent notifications and invitations, sign in sheets, agendas, and surveys and/or evaluations to get parent input.

Coordination and Integration

The LEA will coordinate and integrate parent and family engagement strategies from Title I, Part A with other federal programs (including but not limited to Head Start, Early Reading First, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPY), Voluntary Pre-Kindergarten, Title I, Part C and Part D, Title III, and Title IV, Part A) [Sections 1116 (a)(2)(D) and 1116(e)(4)] as follows:

WE3 (Perkins) – Polk County Public Schools will showcase its top educational workforce programs. The expo will feature nearly 400 booths spotlighting the innovative schools, programs and careers available throughout the county, offering parents and students a convenient way to explore Polk’s many educational opportunities.

Poverty Simulation (Title IX) – The LEA bridges the gap from misconception to understanding poverty. The poverty simulation is an interactive immersion experience that sensitizes community participants to the reality of poverty.

Head Start/VPK/Title I PreK – Transition from PreK to kindergarten

Migrant (Title I, Part C) – The Title I Books Bridge buses go to Migrant Parent Advisory Council Meetings (MPAC) to allow migrant parents and families the opportunity to visit the bus, take part in the various activities and receive a free book. Also, Migrant teachers and home school liaisons promoted activities and workshops at the Parent Involvement Resource Centers.

Title III - Provides classes for parents to attend to language acquisition.

Annual Evaluation

The LEA Parent and Family Engagement Plan and each schools PFEP outline all parent and family engagement activities and events planned for that school year. The LEA and schools both evaluate the effectiveness of their activities through data collection which includes; attendance and sign in sheets, and activity evaluations. In addition, the District evaluates activities based on parent input from parent surveys, and evaluations and questionnaires completed by parents.

The LEA monitors schools parental and family engagement and the effectiveness through site visits, data collection and documentation. The LEA evaluates school activities, as outlined in their PFEP, through an annual evaluation of the activities. The evaluation, completed at the end of the year, includes data documentation of; attendance and sign in sheets, evaluations, District parent surveys, SAC and or PTA/PTO meetings, suggestion boxes; school website; and other school events and parent meetings. The information that is collected through this evaluation is what is used in the evaluation section of the PFEP.

The LEA also assures that parents are part of the planning process for writing and/or revising the school Compact and PFEP by having schools document how the offer opportunities for parent input specifically for these items and to provide evidence of that input. This is also the information that is uploaded with the PFEP template.

The LEA monitors the compliance of the Title I Annual Parent meetings by having schools complete an “Annual Meeting Report” within the first six weeks of school. The report documents that schools have held their Title I Annual Parent Meeting and provides details on the process for notifying parents; the dates/times of meetings, attendance, and services provided to overcome barriers as outlined in their school PFEP. The LEA requires schools to provide opportunities and specific information to parents on how they can be involved in their child’s education through their

school website, Parent/Family Informational Notebook, and as part of their PFEP. The LEA provides specific information that schools must make available to parents via their school website and in the notebook that is kept in the school's front office. The LEA documents that school's websites, and "Parent and Family Informational Notebook" are updated for the current school year.

Building Capacity

1. Parent and Family Engagement School Contact Meetings

- a. District Title I Coordinators
- b. Provide training tips and information and support services that strengthen the relations between parents and the school in meaningful ways that improve academic achievement.
- c. Fall 2017, Spring 2017
- d. Evaluations/Agenda
- e. Teacher to Parent Communication: Experimental Evidence from a Low-Cost Communication Policy (Draft, Matthew A.; Rogers, Todd – Society for Research on Educational Effectiveness, 2014) – This research study indicates that by building parent capacity through communication with teachers increase parent/child discussions and has a positive impact on student achievement.

2. School and District Funded Parent Resource Centers

- a. Districts and Schools
- b. Provides workshops and resources for parents that are linked to the Florida Standards to help increase student achievement.
- c. Ongoing
- d. Sign In Sheets/Workshop Agendas/Calendar of Events/Inventory
- e. Ohio Department of Education. (2016). Sample Best Practices for Parent Involvement in Schools. Retrieved from <http://education.ohio.gov/Topics/Other-Resources/Family-and-Community-Engagement/Getting-Parents-Involved/Sample-Best-Practices-for-Parent-Involvement-in-Sc>. Research confirms that the involvement of parents and families in their children's education is critical to students' academic success.

3. Instructional Coaches

- a. District and School based Instructional Coaches
- b. Analyze student data for the purpose of planning effective Parent and Family Engagement activities in support of student achievement
- c. Ongoing
- d. Parent Sign In Sheets/Evaluations/Agendas/Surveys
- e. Mapp, K. L. 2012. "Family Engagement Capacity Building Framework (Draft)." Washington DC: U.S. Department of Education, Office of Innovation and Improvement. Downloadable PDF available at: http://www.ed.gov/blog/wp-content/uploads/2012/12/Family-Engagement_DRAFT_Framework.pdf.

4. Transition Nights – Kindergarten/Middle/High/College and Career

- a. School Parent and Family Engagement Contact/Guidance/Administration/Student Success Coaches
- b. Parents will become aware of the college and career opportunities for their children and the financial aid procedures and making a smooth transition from one grade band to the next.
- c. Ongoing
- d. Sign In Sheets/Evaluations/Agendas/Surveys
- e. College--We Want In!
Probst, Carolyn; O'Hara, Dennis P. – Journal for Leadership and Instruction, 2015
Engaging students and families early and often and using a continuum of strategies enables school leaders to close aspiration gaps, thus creating and sustaining a college-going culture for all students.

5. Effective Parent Conferencing

- a. District Title I Coordinators/Administration/School Parent and Family Engagement Contacts
- b. Helps parents know the achievement level of their child and how to help them increase proficiency.
- c. Ongoing

- d. Parent Sign In Sheets/Evaluations/Agendas/Surveys
- e. Mapp, K. L. 2012. "Family Engagement Capacity Building Framework (Draft)." Washington DC: U.S. Department of Education, Office of Innovation and Improvement. Downloadable PDF available at: http://www.ed.gov/blog/wp-content/uploads/2012/12/Family_Engagement_DRAFT_Framework.pdf.

6. Parent Climate Survey Compilation of Results

- a. District and Schools
- b. Results are used to amend the SIP, Title I program and the PFEP at the school sites to better help meet the needs of parents and students in meaningful ways that will improve academic achievement.
- c. Spring
- d. Survey Results
- e. Exploring the School Climate--Student Achievement Connection: Making Sense of Why the First Precedes the Second

Jones, Albert; Shindler, John – Educational Leadership and Administration: Teaching and Program Development, 2016

The purpose of this study was to explore the relationship between student academic achievement and various elements within the domain of school climate, and to examine the nature and potential causality of that relationship.

Staff Training

1. Back to School Principal's Meeting

- a. Sr. Director of Federal Programs, Title I Coordinators
- b. Review ESSA, Title I statutes, and program guidelines of Title I, Part A
- c. August 2017
- d. SIP, PFEP, Evaluations
- e. School Leadership Interventions Under the Every Student Succeeds Act: Evidence Review. Updated and Expanded. Research Report RR-1550-1-WF
Herman, Rebecca; Gates, Susan M.; Arifkhanova, Aziza; Bega, Andriy; Chavez-Herrerias, Emilio R.; Han, Eugene; Harris, Mark; Tamargo, Jennifer; Wrabel, Stephani – RAND Corporation, 2016
This report describes the opportunities for supporting school leadership under ESSA, discusses the standards of evidence under ESSA, and synthesizes the research base with respect to those standards.

2. Title I Integration with other Federal Programs

- a. Sr. Director of Federal Programs, Title I Coordinators
- b. Ensures that schools are providing staff with information and professional development in all deficient areas.
- c. Ongoing
- d. Increased achievement in school grade and/or student standardized test scores
- e. School Leadership Interventions Under the Every Student Succeeds Act: Evidence Review. Updated and Expanded. Research Report RR-1550-1-WF
Herman, Rebecca; Gates, Susan M.; Arifkhanova, Aziza; Bega, Andriy; Chavez-Herrerias, Emilio R.; Han, Eugene; Harris, Mark; Tamargo, Jennifer; Wrabel, Stephani – RAND Corporation, 2016
This report describes the opportunities for supporting school leadership under ESSA, discusses the standards of evidence under ESSA, and synthesizes the research base with respect to those standards.

3. Budget Meetings

- a. Sr. Director of Federal Programs, Title I Coordinators
- b. To assist principals with planning and implementation of effective parent and family engagement and professional development activities and ensure all expenditures are linked to improving academic achievement.
- c. Spring 2018
- d. Evaluations, School's SIP plans
- e. School Leadership Interventions Under the Every Student Succeeds Act: Evidence Review. Updated and Expanded. Research Report RR-1550-1-WF

Herman, Rebecca; Gates, Susan M.; Arifkhanova, Aziza; Bega, Andriy; Chavez-Herrerias, Emilio R.; Han, Eugene; Harris, Mark; Tamargo, Jennifer; Wrabel, Stephani – RAND Corporation, 2016
This report describes the opportunities for supporting school leadership under ESSA, discusses the standards of evidence under ESSA, and synthesizes the research base with respect to those standards.

4. Effective Parent Conferencing

- a. Title I Coordinators, Administration, Parent and Family Engagement school contacts
- b. Provides information to parents and families on the achievement level of their child and strategies on how to help them increase their level of proficiency.
- c. Ongoing
- d. Conference Logs, Evaluations
- e. Mapp, K. L. 2012. "Family Engagement Capacity Building Framework (Draft)." Washington DC: U.S. Department of Education, Office of Innovation and Improvement. Downloadable PDF available at: http://www.ed.gov/blog/wp-content/uploads/2012/12/Family_Engagement_DRAFT_Framework.pdf

5. School Parent and Family Engagement Meetings

- a. Title I Coordinators
- b. Provide technical assistance for parent involvement compliance documentation
- c. August 2017 and January 2018
- d. Agenda, Sign in Sheets
- e. Mapp, K. L. 2012. "Family Engagement Capacity Building Framework (Draft)." Washington DC: U.S. Department of Education, Office of Innovation and Improvement. Downloadable PDF available at: http://www.ed.gov/blog/wp-content/uploads/2012/12/Family_Engagement_DRAFT_Framework.pdf

6. PFEP Guidance/Review Meetings

- a. Title I Coordinators
- b. Provide schools with feedback on planning effective capacity building activities for parents and staff and provide technical assistance to review their PFEP
- c. Ongoing
- d. Sign in sheets, PFEP Rubric Checklist
- e. Mapp, K. L. 2012. "Family Engagement Capacity Building Framework (Draft)." Washington DC: U.S. Department of Education, Office of Innovation and Improvement. Downloadable PDF available at: http://www.ed.gov/blog/wp-content/uploads/2012/12/Family_Engagement_DRAFT_Framework.pdf

Communication and Accessibility

The District Parent and Family Engagement Plan (PFEP) is summarized into a legal size tri-fold brochure document (front to back) and is available in English, Spanish and Haitian-Creole. The Home Language Survey Results are used to determine the number of translations needed for distribution to all Title I school families. This summary of the District plan will be distributed to all Title I parents by October 3, 2017. The complete District Title I Parent and Family Engagement Plan will be posted on the District website (www.polk-fl.net) and linked from each Title I school's website and copies will be in the Parent and Family Engagement notebook located in the school offices by November 1, 2017. The District brochure includes information for parents on the Title I law, ways parents can be involved, information on coordination with other Federal programs, Title I Pre-K program, Title I schools served (including private schools), parent resource centers, and information about how parents can have a voice in their child's education.

Discretionary Activities

1. *Paying reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions.*
 - a. Refreshments, transportation, translation, and child care may be provided using school Title I funds
 - b. Principals and school based Parent and Family Engagement contact

c. Schools distribute evaluations to parents and families to complete at the end of each event. Evidence of these evaluations are uploaded into the district's online eTask system and are reviewed by Title I Coordinators.

d. Ongoing

e. Identifying Barriers: Creating Solutions to Improve Family Engagement

Baker, Timberly L.; Wise, Jillian; Kelley, Gwendolyn; Skiba, Russell J. School Community Journal, v26 n2 p161-184 2016

This study reframes the notions of parent involvement (being present in the school building) to parent engagement (viewing multiple constructions of how parents are involved) while addressing parent solution addressing identified barriers such as flexible timing options, other children in the family (child care) and school events held in the evening (providing meals).

2. Maximizing parental involvement and participation in their children's education by arranging school meetings at a variety of times, or conducting in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend those conferences at school.

a. Flexible Meeting Times

b. Principal, Parent and Family Engagement Contact and school team

c. Schools distribute evaluations to parents and families to complete at the end of each event. Evidence of these evaluations are uploaded into the district's online eTask system and are reviewed by Title I Coordinators.

d. Ongoing

Evaluation of the Previous Year's Parental Involvement Plan

Building Capacity Summary

1. Parent University

a. 1

b. 370

c. The goal of Polk's Parent University is to increase parent involvement in the schools and empower parents to raise children who are successful in school and in life. Parent University is a partnership with community agencies and organizations to offer free courses, and family events and activities that will equip families with new or additional skills, knowledge, and resources. Workshops and classes will engage parents in innovative and meaningful partnerships for learning.

2. Parent Involvement Resource Center Events – Homework Help

a. 44

b. 800

c. Our goal is to educate, equip, and partner with our students and their support systems by offering a wide variety of relevant and effective programs and resources that will make a positive impact on the individual and the community. By building strong parent-learning communities we will increase student achievement in our schools.

3. Parent Involvement Resource Center Events – Game/Craft Night

a. 23

b. 454

c. Our goal is to educate, equip, and partner with our students and their support systems by offering a wide variety of relevant and effective programs and resources that will make a positive impact on the individual and the community. By building strong parent-learning communities we will increase student achievement in our schools.

4. Parent Involvement Resource Center Events – Coffee and Conversation

a. 35

b. 147

c. Our goal is to educate, equip, and partner with our students and their support systems by offering a wide variety of relevant and effective programs and resources that will make a positive impact on the individual and the community. By building strong parent-learning communities we will increase student achievement in our schools.

5. Parent Involvement Resource Center Events – Financial Literacy

a. 14

b. 73

c. Our goal is to educate, equip, and partner with our students and their support systems by offering a wide variety of relevant and effective programs and resources that will make a positive impact on the individual and the community. By building strong parent-learning communities we will increase student achievement in our schools.

6. Parent Involvement Resource Center Events – Rosetta Stone/Conversational English Classes with ESOL

a. 171

b. 866

c. Our goal is to educate, equip, and partner with our students and their support systems by offering a wide variety of relevant and effective programs and resources that will make a positive impact on the individual and the community. By building strong parent-learning communities we will increase student achievement in our schools.

7. Parent Involvement Resource Center Events – Nutrition/Cooking/Food

a. 22

b. 127

c. Our goal is to educate, equip, and partner with our students and their support systems by offering a wide variety of relevant and effective programs and resources that will make a positive impact on the individual and the community. By building strong parent-learning communities we will increase student achievement in our schools.

Staff Training Summary

1. Back to School Principal's Meeting

a. 1

b. 78

c. Principals are given updated information on the Title I law and what will be required for documenting compliance.

2. Mid-Year Title I Contact Meeting

a. 1

b. 88

c. Title I Contacts were provided professional development on how to effectively plan activities to build capacity with parents.

Private School Summary

A. Parents participates in a variety of parent workshops that included success strategies in reading and math, test taking tips, and preventing summer academic loss.

B. Number of Participants - 51 participants

C. Schools Participating - 19 schools participated in the various events.

D. Anticipated Impact on Student Achievement

The LEA's goal is to educate, equip, and partner with our private schools and their families and their support systems by offering a variety of relevant and effective programs, activities, and resources that will help make a positive impact on the individual and the community. By building strong parent/family-learning communities we will increase student achievement in our schools.

Barriers (LEA Plan Infusion):

Location of Parent Meetings (economically disadvantaged) - The LEA holds District Parent Meetings in different regional areas of our County. The LEA encourages schools to host parent events within their community to invite the community to participate. The LEA also encourages schools to partner with feeder schools to encourage parent attendance for students with siblings at that school.

Translation (limited English proficiency) - The LEA encourages schools to provide all materials to parents in other languages and works with the ESOL department to get materials printed for parents. Schools are encouraged to get translators for meetings.

Transportation (economically disadvantaged, disabled) - The LEA works with the school to provide transportation for parents. The LEA has partnered with the city bus systems and schools can take advantage of bus passes for student and families when applicable. The LEA also encourages schools to host events in the neighbors or community to help with transportation issues.

Limited number of Parent Centers (all) - The LEA has five regional parent resource centers to serve families in our school district, the centers are open at flexible times to accommodate parents' work schedules. The centers are staffed with a full-time bilingual paraprofessional. Materials and information in the center is provided in multiple languages and for different grade levels. However, even with 5 parent centers the District is still unable to reach all parents due to the large geographical area our district covers.

Limited offerings of Parent University (all) - The LEA coordinates with other federal programs to offer services and resources to parents and hosted one event in the Spring 2017. LEA will continue to partner with community agencies and organizations to offer similar services and resources to parents in a different format other than Parent University.

Best Practices

1. *Effective Communication- Each Title I School has a school website and a Parent and Family Engagement Notebook located in their front office that contains the following information: District and School PFEP and summary, school parent compact, parent right to know letter, list of highly qualified staff, data and testing information, SIP, and other relevant information for parents.*

2. *Effective Communication- The LEA provides each school with an electronic version of the Title I Guideline book. This guideline book is provided to schools online. The LEA designed the Guideline book to be user friendly with information on the Title I Law, compliance and how to document meeting compliance.*

3. *Increasing Parent Participation- The Books Bridge Bus is a mobile bus that has been converted into a mobile library. The bus has iPad, computers, books, story time, and Kindles for students and their parent. The bus makes*

weekly visits to each of the five regional parent centers as well as neighborhood stops in the evenings. Students who visit the bus receive a free book.

4. *Building Capacity-* The ESOL Department provides free workshops to parents who do not speak English. These workshops are held at each of the five regional parent resource centers.

5. *Free TAX prep for parents-* The Florida Polk Prosperity Partnership and the United Way of Central Florida provide free tax prep services to parents at each of our Title I Parent Informational Resource Centers.

6. *Building Capacity of Parents-* Five regional parent centers that each have a bilingual staff, 3+ computers for parent use, kindles, free materials and resource information, materials to check out to help their child at home with academics.

7. *Building Capacity of Parents-* The LEA has partnered with United Way/Catholic Charities to provide the AGAPE mobile food pantry to visit the five regional parent centers twice a year. The mobile food pantry provides groceries for 250+ families.

8. *Effective Communication-* The website contains information about our five parent resource centers. The website has a link to our online Library system, Destiny, and parents can find materials and what is available to check out.

9. *Building Capacity of Parents-* Each month the parent centers offer either family game night or craft night. This is an opportunity for families to visit the center and participate in a fun activity while spending time together.

10. *Building Capacity of Parents-* The parent centers offer coffee and conversation for parents every first and third Friday of the month. This is a chance for parents to network with one another while enjoying a cup of coffee and exploring a school related topic of conversation.

11. *Building Capacity of Parents-* The parent resource centers provide nutrition, healthy eating, and couponing classes for parents.

12. *Building Capacity of Parents-* The parent centers partner with community agencies to offer money smart financial classes for families.

13. *Building Capacity of Parents-* The parent centers provide parents with job skills, including an interview workshop and tools on how to write a resume.

14. *Increasing Parent Participation-* Monthly game and craft nights at the parent resource centers.

15. *Building Capacity of Schools-* The LEA parent involvement coordinator shares with schools best practices and evidence based research strategies to help schools build capacity to work more effectively with parents.
